*Back in 2020 we lost Sharon Rogers after a very long battle with colon cancer. With the loss of my best friend, I became the owner of two Bengal kittens that she left to me. The male was fixed and the girl went on to have Babies. After a long search for a male my partners Natasha Olmos, her husband Tim Nordeen, and I found our male. Soon Shakira produced her first litter that was 7 kittens. She is a great mom and three of the 7 became Grands, two of which also have the title of RW. Her 2nd litter produced 4 kittens of which two became GC & one of them also RW. I'm so proud of what R Bengals has accomplished but even more, I am so thankful that I have both Natasha & Tim as my partners. R Bengals would not have been possible without both of them. I hope Sharon is looking down and is happy with the accomplishment that her girl Shakira has done. I left Shakira in Sharon's cattery name in honour of our very long friendship that meant the world to me. She is missed everyday but I know she is with me. Diana Heinzen*
